

All Fur One Pet Rescue & Adoptions

INTEGRATED EDUCATION PROGRAM PROPOSAL

Utilize AFO website and "Classroom Kitties" to integrate pet information for applied learning

HOW IT WORKS

- OBJECTIVE: Make it Easy & Enjoyable for TEACHERS and STUDENTS
- Flexible Participation by Teachers
- Content Additives for Teachers' pre-determined lessons to increase engagement and excitement
- Collaborative Resource Platform between AFO & Teachers for sharing content, ideas, supplemental information or other teacher requests.

LANGUAGE ARTS

- Applied to: Reading, Writing, Listening, and Speaking.
- Teacher Feedback: creative biographies, q&a with kittens, reading to pets

MATHEMATICS

- Applied to: Arithmetic, Algebra, Geometry, Calculus & Analysis
- Teacher Feedback: counting, graphing, budgeting, word problems, working backwards

ART

- Applied to: Drawing, Painting, & Sculpting

Subject Discussion was of particular interest for Special Ed/Autism Teachers

COMPUTER SCIENCE

Consider current struggles in pet welfare and create innovative technology solutions

Teacher Feedback: Build Social Network for Community Cats Identification & AI Resource

*This project has potential for national recognition, grant worthy for participating students and/or the school district
